(SRI V. P. DEENADAYALU NAIDU)

vehicles, Government is paying Rs. 1,71,000 : is it equitable ?

Sri C. M. POONACHA.—My Hon'ble friend will know from the answers furnished that the dates on which these orders were passed determining the payment of this amount to the appropriate authority ; and I am sure that all relevant factors must have been taken into consideration at the time these orders were passed by the Government.

Sri V. P. DEENADAYALU NAIDU.—At least in the interest of uniformity, will the Government see their way to revising it and bringing it up to date or pay compensation as compared with the number of vehicles plying today ? This compensation has been fixed in 1937. Today, the number of vehicles has gone up four or five times. Will the Government consider the question of revising the figures taking into consideration the number of vehicles plying now ?

Sri C. M. POONACHA.—Sir, the Corporation has made some request in this regard and Government is considering the request that we have received.

Sri M. C. NARASIMHAN.—So far as the allocation of moneys to road development is concerned, does the Government think it desirable to treat the City of Bangalore on a different footing from other areas ?

Sri C. M. POONACHA.—That is a suggestion for action.

Sri J. B. MALLARADHYA.—Will the Government be pleased to keep the Government Order regulating the apportionment of taxes and cess to the Corporation, on the Table of this House?

Sri C. M. POONACHA.—I have only one copy here.

Community Project Blocks in the State.

Q.—598. **Sri V. S. PATIL** (Belgaum I).—

Will the Government be pleased to state :—

(*a*) the number of community project blocks in the State ;

(*b*) the dates on which they were started ;

(*c*) the expenditure incurred so far on these blocks ;

(*d*) the expenditure on each of these blocks on establishment and on actual works every year ;

(*e*) the number of persons engaged in each block and their pay scales and allowances ;

(*f*) whether these persons have been taken up on a permanent or temporary basis and whether they are entitled to Pension, Gratuity or Provident Fund ?

A.—**Sri S. NIJALINGAPPA** (Chief Minister).—

(*a*) There were six Community Projects in the State including the Integrated areas.

(*b*) The Community Projects at (i) Shiralkoppa (ii) South Kanara; (iii) Coorg; (iv) Hukkeri-Gokak ; (v) Tungabhadra CP (Koppal-Gangavathi) were started on 2nd October 1952. The Gulbarga CP was started from 2nd July 1954.

(*c*)

	Rs.
(1) Shiralakoppa C.P.	60,84,936
(2) South Kanara ,,	52,84,000
(3) Coorg ,,	17,86,330
(4) Hukkeri-Gokak ,,	38,04,501
(5) Tungabhadra ,,	24,33,380
(6) Gulbarga ,,	10,31,206

(*d*) *Vide* Statement "A" appended below.

(*e*) *Vide* Statement "B" (1 to 6) appended below.

(*f*) All the persons employed in C.P. Blocks except those who are taken on deputation from permanent dapartments are temporary. In Coorg, however, they have been made permanent before integration.

STATEMENT—"A."

Expenditure on personnel and on actual works in respect of C.P. Blocks from 1952-53 to 1956-57.

Sri V. S. PATIL.—Sir, may I know why there is a great variation between the expenditure on personnel and actual works in respect of Hukkeri-Gokak C.P; for the year 1956-57, a sum of Rs. 71,000 is spent on personnel while a sum of Rs. 1,04,847 has been spent on actual work—nearly 15 times the amount spent on personnel. In South Canara, the expenditure on personnel is 2,53,000 whereas the amount spent on actual work is Rs. 5,06,900. May I know why there is this great variation?

Sri RAMAKRISHNA HEGDE (Deputy Minister for Planning).—Sir, it partly depends upon the area which is being covered by this project and partly on the strength of the personnel required to undertake this project.

Sri V. S. PATIL.—May I know, Sir, why the expenditure on personnel is 7,000 and the sum spent on actual work is 1,04,000 in respect of Koppal-Gangavathi CP. May I know why the expenditure on personnel has been cut down to half?

Sri RAMAKRISHNA HEGDE.—After a certain stage, some of the menial staff has been retrenched on account of that, and there is a reduction in expenditure.

Sri V. S. PATIL.—May I know why this reduction is made? Is it because the work of the project has been practically completed? Is that the reason for reducing?

Sri RAMAKRISHNA HEGDE.—As I have already said, Sir, in the beginning, because people's contribution is not forthcoming and we will have to do some ground work, the expenditure on personnel is heavy. As the tempo of the work increases, the expenditure on personnel remains static, and the expenditure on work will enormously increase.

Sri V. S. PATIL.—Should there not be some relation between the expenditure on personnel and the expenditure on the works?

Sri RAMAKRISHNA HEGDE.—There is no such hard and fast rule.

Sri J. B. MALLARADHYA.—The Deputy Minister was pleased to say in respect of Koppal-Gangavathi that the expenditure on personnel is very much less when compared with other areas. May I ask whether, when the C. D. Blocks are sanctioned, the area and population and all that is not taken into consideration? Do you give these blocks to areas which are less than the minimum required and to areas where the population is much less than the minimum contemplated.

Sri RAMAKRISHNA HEGDE.—Generally, in granting the project, the rule we followed was that the population should be about 2 lakhs and the area covered should be 300 villages, but it is not a strict rule. I might also add that this project was originally started in Gulbarga and later on in 1954 it was shifted to Koppal.

Sri J. B. MALLARADHYA.—What is the area of the Gangavathi Block?

Sri RAMAKRISHNA HEGDE.—It is not available with me here. If he asks a specific question, I shall furnish the information.

Sri C. K. RAJAIAH SETTY.—The expenditure on personnel in Gulbarga Project in 1956-57 was Rs. 1,34,497 while the expenditure on actual works in the same year was Rs. 3,61,635. May I know the special reason why the expenditure is so much on personnel?

Sri RAMAKRISHNA HEGDE.—My friend also comes from a C. D. Block and so he knows perfectly well that the percentage of people's contribution varies from place to place and as I have already explained, the expenditure on works mainly depends upon the response of the people. We cannot cut down the expenditure on personnel only because there is less response.

Sri C. K. RAJAIAH SETTY.—Is it not a fact that the Government have fixed a definite percentage of public contribution from different areas?

Sri RAMAKRISHNA HEGDE.—That is true.

Sri J. B. MALLARADHYA.—Is there any directive from the Government of India in regard to fixing a certain percentage on the establishment in respect of these blocks? If so, what is it?

Sri RAMAKRISHNA HEGDE.—I have already replied.

Sri J. B. MALLARADHYA.—Are Government aware that there is a complaint all over the State that the expenditure on establishment is out of all proportion to the expenditure incurred on actual works?

Sri RAMAKRISHNA HEGDE.—I have not received such complaints.

Dr. R. NAGAN GOWDA.—On page 19 there is mention about Koppal-Gangavathi while on page 5 there is mention about Tungabhadra. Are they identical?

Sri RAMAKRISHNA HEGDE.—Yes.

Dr. R. NAGAN GOWDA.—May I know what are the taluks or sub-taluks covered by the Tungabhadra C.P.?

Sri RAMAKRISHNA HEGDE.—Koppal, Tungabhadra and Gangavathi.

Dr. R. NAGAN GOWDA.—In answer to (*c*) it is stated that those projects were started on 2nd October 1952. The amounts spent on those projects vary. I want to know whether the amount sanctioned in the beginning for all those projects was the same.

Sri RAMAKRISHNA HEGDE.—The overall expenditure provided for each project was Rs. 65 lakhs, but the exact expenditure varies from project to project. For example, Coorg is smaller in area while South Kanara and Shiralakoppa Blocks are comparatively large. So, there is no such fixed provision. There is overall budget for each project.

Sri R. M. DESAI.—On page 5 the expenditure on Tungabhadra C. P. is shown as Rs. 24 lakhs and odd while on page 19 the expenditure on Koppal-Gangavathi C.P. is shown as Rs. 3 lakhs and odd. May I know the reason for this discrepancy?

Sri RAMAKRISHNA HEGDE.—I think Rs. 24 lakhs and odd is the total expenditure incurred for all the years. I have to verify whether it is due to misprint or due to any other reason.

Sri C. J. MUCKANNAPPA.—I rise on a point of order, Sir. The other day, the Chair was pleased to give a ruling that nobody should read newspaper. The Hon'ble Minister for Law is just now reading a newspaper. The other day when Sri Shamsuddin rose on a similar point of order, you gave a ruling that newspaper should not be read in the House.

Sri J. H. SHAMSUDDIN.—Sir, the paper is part of his file.

Mr. SPEAKER.—Whether the paper forms part of his file or not is a different thing. The Hon'ble Member Sri Shamsuddin should not plead for the Law Minister.

9-30 A.M.

Sri J. B. MALLARADHYA.—Apart from the expenditure on actual works and the expenditure on personnel, are there no other items of expenditure that make up these Rs. 24 lakhs?

Sri RAMAKRISHNA HEGDE.—I would like to know what exactly the Hon'ble Member means?

Sri J. B. MALLARADHYA.—Are there no other items that go up to make the expenditure of Rs. 24 lakhs?

Sri RAMAKRISHNA HEGDE.—What exactly he means by other items?

Mr. SPEAKER.—Let him verify whether there are other items.

Dr. R. NAGAN GOWDA.—The Minister was pleased to state that Rs. 65 lakhs was sanctioned for each one of the blocks. Excepting the Community Project at Shiralkoppa which has spent almost the whole amount, the other blocks have not spent much. Is the money available now for being spent?

Sri RAMAKRISHNA HEGDE.—The normal period of operation has expired on the 31st of March last year, but the Government of India has allowed us to complete incomplete works till the end of this financial year.

ಶ್ರೀ ಟಿ. ಹನುಮಯ್ಯ.—ಪ್ರತಿಯೊಂದು ಕ್ಷೇತ್ರದಲ್ಲೂ Establishmentಗೆ ಎಷ್ಟು ಹಣ ಖರ್ಚು ಮಾಡುತ್ತಿದ್ದೀರಿ?

ಶ್ರೀ ರಾಮಕೃಷ್ಣ ಹೆಗ್ಗಡೆ.—ಉತ್ತರ ಅಲ್ಲೇ ಕೊಟ್ಟಿದೆ.

Sri H. C. LINGA REDDY—May I know the reason why the Government have stopped the starting of C. P. Blocks?

Sri RAMAKRISHNA HEGDE.—The scheme was started by the Government of India. After the experience of 3-4 years of working of these community projects, they have decided that

(SRI RAMAKRISHNA HEGDE)

instead of starting such huge projects on a wider area, it would be more useful to start smaller blocks with smaller budget.

Appointment of A.S.Ps. in the Police Department.

Q.—828. Sri B. BASAVALINGAPPA (Bangalore South).—

Will the Government be pleased to state :—

(*a*) the number of gazetted posts of A.S.Ps. created and filled up in the Police Department for the last three years ;

(*b*) whether those vacancies were filled up by direct recruitment or by departmental promotion ;

(*c*) whether the provisions made in the Mysore Police Manual, Vol. I, Chapter II, rules 8 to 10, were followed in making such appointments ;

(*d*) whether the provisions made in Chapter VIII, Rules 215 to 217 of the Manual of General Circulars and Standing Orders of the Government, Part I, were followed in making those appointments ;

(*e*) the number of Police Inspectors among the Scheduled Castes eligible for such appointments in the State Police Service ;

(*f*) the number of such posts that could have been given to Scheduled Castes if appointments were made as per rules ?

A.—Sri C. M. POONACHA (Minister for Home Affairs and Industries).—

(*a*) Three posts.

(*b*) All the above posts except that of the Headquarters Asst. to the Superintendent of Police, M.A.R.P., were filled up by promotion. The post of Headquarters Asst. to the District Superintendent of Police, M.A.R.P., was created for accommodating a surplus Deputy Superintendent of Police of Hyderabad State Reserve Police allotted to Mysore State.

(*c*) Yes.

(*d*) No Probationers have been recruited since 1948 as there were a number of qualified officers in the Department itself fit for promotion.

(*e*) There are only 2 P.Is. belonging to the Scheduled Castes. Their case will be given due consideration.

(*f*) The reservation of vacancies for the Scheduled Castes and Tribes refer to direct recruitment only. As no direct recruitment has been made no such person belonging to the Scheduled Castes could have been appointed.

Sri B. BASAVALINGAPPA.—In answer to (*a*) you have stated that there are only three posts of A.S.Ps. available. May I know whether it is a fact that the Government prepared a list consisting of 15 A.S.Ps. and recently they have appointed six, making a total of 21 ?

*Sri C. M. POONACHA.—The question is very specific. The Hon'ble Member wanted information as to the number of gazetted posts of A.S.Ps. created and filled up in the Police Department since 1953 and the answers have been furnished for the period for which the information was sought.

Sri B. BASAVALINGAPPA.—My question is, is it not a fact that the Government prepared a list consisting of 15 A.S.Ps. within the period of these three years ?

Sri C. M. POONACHA.—Does the Hon'ble Member refer to what is called as eligibility list which is being prepared ? Here the question relates to postings.

Sri B. BASAVALINGAPPA.—Question (*c*) : " whether the provisions made in the Mysore Police Manual, Vol. I, Chapter II, rules 8 to 10 were followed in making such appointments." You have stated " Yes ". Is it not a fact that as per the provisions of this Chapter, one-third must be appointed by direct recruitment, one-third by recruitment of candidates belonging to minority communities and one-third by selection ?

Sri C. M. POONACHA.—To the extent the recruitment is concerned, that particular aspect of the rules as mentioned by my friend does apply, but in the case of promotions, it is merit
